

Eight jobs threatened

The eight members of the Anson, Hindon and Minden Township road crew are scheduled to be laid off this Friday. The surprise announcement was made Tuesday evening by township Reeve Sinclair Nesbitt.

Nesbitt said the lay-offs are necessary because the funds for road maintenance in the township have been exhausted. "We are already \$40,000 in the red," Nesbitt commented. "We would need another \$80,000 to keep the department operating until the end of the year."

Nesbitt blames the situation on a lack of response from the provincial Ministry of Transportation and Communications. He said the township has not been receiving the provincial subsidy to match the costs of maintaining the 140 miles of roads within the municipality. "I have asked them to increase the

subsidy on many occasions and all I get in return is 101 excuses," he said.

The reeve said that the problem began several years ago when the base rate for road subsidies was being set. At that time the rate for Anson, Hindon and Minden was set too low, according to the reeve. In addition, the reeve claims that the increases the province has allotted over the past three years to all municipalities in the province have not been received here.

"The maintenance money has not matched the increase in roads we are responsible for and the yearly subsidy increase has not been paid to the municipality." The result, according to Reeve Nesbitt, is that funds must be drawn from local tax collection to maintain the road when other jurisdictions use provincial subsidy.

During the past three years the municipality has sought a

larger provincial grant for construction and used some of those funds for maintenance, the reeve pointed out.

Nesbitt said that what the township needs is an immediate infusion of provincial funds to maintain the roads department until the end of the year. "We must also have the subsidy for road maintenance in the township raised to that paid in other jurisdictions," the reeve commented.

"On Monday morning I'm going to call the Ministry of Transportation and Communications and inform them that they are now responsible for road maintenance in this municipality."

There is no way anyone would run a business with this kind of deficit and I don't think we should run a township this way either. For that reason, the entire road crew will be laid off Friday", the reeve concluded.

VOLUME I Number 47.

Curling club study approved

Approval has been received from the Ministry of Culture and Recreation for a study into the feasibility of building a new curling rink in Minden. The approval of the grant funds was read to the September 12 meeting of the Anson, Hindon and Minden Township council.

The money will be subject to the rules governing grants from Wintario and will cover 100 percent of the costs of the study. Half the grant will be made available to the club when a suitable consulting firm has been found to carry out the study, while the second portion will be paid when the study is completed.

The club was informed last year that the roof at the present club is unsafe for the snow loads it must carry

during the winter. The club was allowed to operate last year with certain provision with regard to regular clearing of the snow and the monitoring of the stress.

The council was also informed that permission has been granted by the Ministry of Labour to use the building once again this season if certain precautions are taken. These precautions were contained in a report prepared by the township's consulting engineers.

The council assigned Councillor Lyle McKnight, Curling Club president Jim Garbutt and township by-law enforcement officer Dick Schell the responsibility of ensuring the snow load on the club roof does not become too heavy.

Thieves hit area cottages

Cottages have once again become the target for thieves in the Haliburton area. Police report that during the past week three cottages were entered and over \$2000 in property removed.

The recreational home of Kenneth P. Brooks of Pickering was entered sometime between September 9 and 13. The cottage is located in the Carnarvon area.

The intruders entered by forcing a window, causing \$50 damage. Taken in the incident was a 4 piece living room suite, electronic equipment, sporting goods, tools, car batteries, end tables and miscellaneous household items. The value of the stolen property was estimated at \$1475.00.

Police are also investigating a break-in at a cottage in the same area. Details were not available at press time.

Both incidents are being investigated by Constable Bob Pearson.

The cottage of Toronto resident John Hendrickson was broken into September 12. Once again, a window was used to gain access to the

structure located on Drag Lake. Items such as electrical appliances, sporting and camping equipment and clothing were removed from the premises. The loss was estimated at \$780.00.

Constable Al Barnes is investigating the matter.

Charges laid

A Coburg youth and a juvenile have been charged following a break-in September 13 in the Carnarvon area. Charged are 17 year old Ronald A. Brown and a 14 year old juvenile from Toronto.

According to police, the pair entered the home of Cecil Irwin through an unlocked door. Household items valued at \$200.00 were taken as was a \$1000.00 car parked in a nearby garage.

The police have also charged the two with possession of stolen property following the recovery of a 1967 automobile stolen in Barrie. The vehicle was recovered in the Blairhampton area.

Constable Mike Maher investigated the incidents.

Presentation

Haliburton Board of Education trustee Lloyd Johnson, left, presented Township Councillor Len Lonsberry with a set of bookends Wednesday. The gift, presented at the start of the meeting of the Anson, Hindon and Minden Townships council, was in recognition of Lonsberry's eight years of service as a school board trustee.

MOE wants townships to find new dump site

Ministry of Environment officials have expressed their concern over the operation of the Scotch Line Road garbage

dump. The MOE spokesman, George Trewin, addressed the September 12 meeting of the Anson Hindon and Minden Townships council stating that numerous complaints had been received from area residents with regard to smoke originating at the dump.

Strike 3 for Minden

The Minden Merchants have played their last game of the baseball season.

The local squad went down to a 7-0 defeat at the hands of the Lindsay Juniors Tuesday evening. The game was the third in a best of three semi-final series. The Lindsay Juniors now advance to the final round in the league play against their counterpart

"The Ministry of the Environment would like to ask the council to locate a new site for the garbage dump and close the present site," Trewin told the meeting. He said that previously the MOE had allowed the council to continue using the dump if there were no more complaints. However he noted a number of objections had been received by the ministry with regard to smoke from fires at the dump.

team, the Lindsay Seniors. Rick Hartwick was on the mound for the Merchants for the first six innings of the game when the visitors scored six runs. He was replaced for the final frame by Barry Shaw.

In the two other games in the series, Minden had defeated Lindsay 3-2 while the Lindsay squad had taken Minden 5 to 2.

Trewin said he recognised that the problems are not easily solved, but said the council must find a more isolated location for its dump. He also suggested that once a site was found that the land around it be zoned to prevent residential construction from taking place.

Reeve Sinclair Nesbitt noted that a number of residents in the vicinity of the Scotch Line location had constructed their homes after the dump was established.

The ministry spokesman suggested that to help control the situation at the present site, until a new location can be found, fencing be installed along the roadway, that burning of any kind be discontinued and the dump only be open when a staff member is on hand to supervise.

Nesbitt noted that such regulation will make it inconvenient for residents to

bring their garbage to the site and would probably result in a pile of refuse being created beside the locked gate.

The possibility of placing a large metal container at the gate for use after the dump has been closed was discussed. However, it was noted there is no machinery in the area for handling the large containers and the service would be expensive to institute.

The reeve agreed that an effort must be made to locate a new dump site. He noted that there are very few acceptable (to the MOE) sites in the municipality.

Councillor Len Lonsberry noted that if a dump site is located too far away from Minden Village, a number of residents are likely to use the ditches along roadsides to deposit their refuse.

The council agreed to start the search for a new location but indications are that it will be sometime before a suitable site is found.

FROM THE CHAMBER

By Bob Stinson

Plans have been finalized for this year's Chamber of Commerce Annual meeting. The newly expanded Stanhope Firefighter's hall will be the location this year and a delicious prime rib dinner with all the trimmings will be featured.

Following the business meeting and presentations, Rod Crawford will entertain and provide music for dancing to 1:00 a.m. This event has become one of the Highlands social highlights of the year and we look forward to seeing you there. Cost is only \$10.50 per person and tickets are available at the Chamber office or from any Chamber director.

One of the exciting moments at each annual meeting is the presentation of the "Highlander of the Year" Award. This plaque is, each year, presented to an individual who, in the opinion of the board of the directors, deserves recognition for outstanding community service. The first recipient was Roy Bates who had a great deal to do with the high profile that snowmobiling enjoys in our area.

Last year it went to Len Salvatori who has continually given unselfishly of his time towards cubs, scouts, minor hockey and the County School Board. The Board last week made their selection of this year's award winner and their decision will be announced for the first time, at the annual meeting.

We can say only at this time that the board has kept with tradition in placing this award with someone who has devoted more of his time and energy to the benefit of the community than to himself.

New directors

Five of our present directors have this year indicated that they will not run for re-election to the board. All of them did so reluctantly and cited other pressures which had made it difficult for them to devote

the time they felt the position deserved. What a familiar story this is in this area where there is so much to do and so few to do it.

Of those retiring, Don Nye has served on the board the longest, having been first elected in 1971. Don sold his motel at Minden this year and is taking time out to build a log house, as well as a workshop, to pursue his "Woodland Graphics" endeavours.

At this time we have at least five individuals who have indicated willingness to devote time towards the future of the Chamber. Paulette Blake of Paulette's Antiques & Gifts in Haliburton and Lynn Craigmyle, manager of Bowes & Cocks Real Estate in Haliburton have stepped forward. Len Pizzezy of the Haliburton Echo has volunteered to serve as has Jack Brezina of The Times in Minden. Mike Vuksic has served on our board before and after two years off to expand his Mike's Milk stores, is prepared to work with us again.

We are presently talking to others who are considering placing their names on the ballot and we expect more names will be added to this list by next week. All members will receive a complete list of nominations with their official notice of the meeting.

Tartan at the Track

Lawyer Don Finn and Realtor Gary Vasey are spreading the Haliburton image with their horses, "Kenisis" and "Kawagama", both named after Haliburton lakes and carrying jockeys sporting the Haliburton tartan as their stable colours.

Don Finn has a picture of Kenisis hanging in his office, in a special tartan frame, that was taken following her recent win of a \$10,000 stakes race. We won't suggest how you should bet on the track - but do cheer on that Haliburton tartan when you see it.

Apartments should be ready in early October

A spokesman for the Victoria County Housing Authority has indicated that the leasing of apartments in the new senior citizens complex should begin early next month.

The comment was made at the September 12 meeting of Anson, Hindon and Minden township council.

Mary-Jane Huffman, the authority spokesman, told the meeting that the final inspections of the structure were to be carried out Thursday and it was hoped that tenants could be moving in in early October.

That inspection on September 13 did not turn up any problems, according to Huffman, but the experts in the electrical and mechanical fields were not present at the time so another visit will have to be made to the building.

"I am still hoping that everything will be ready to go by the start of next month," she commented.

The apartments were expected to be available earlier this summer, but that opening date has had to be set back a number of times as last minute work was completed on the structure. The two-storey building contains 31 units.

Huffman told the council meeting that it was normal to expect a 75 percent occupancy rate immediately and the remaining apartments would fill in the following months. She explained that since all applicants were not able to move to the apartments when they become available, and, because some may have changed their minds since first making application, it may be a while before all the units are filled.

The meeting was also told that the custodial duties at the complex will be looked after by a resident of the senior citizens apartments in Haliburton. He will divide his time between the two residences.

In addition, a "security tenant" will be hired at the Minden location to handle emergencies.

Huffman said there had been eight application for the position of janitor at the building, including one received from a Toronto resident. She noted that it is expected the janitorial work would involve some 15 hours per week.

Reeve Sinclair Nesbitt asked the representative whether she had contacted those who had been refused an apartment to explain why they had been turned down. He said that some had been asking him why they were refused and, since he was not on the selection committee, he is unable to give them a reason. Nesbitt said the

housing representative should meet with these people personally to explain the reasons their application was refused.

Huffman stated that letters had been sent to those who had not been selected for an apartment. However, she pointed out that since some of those who were initially accepted as tenants may have changed their minds, all the former applications and any new ones, will have to be reassessed. She said this will be done until all the

apartments are full.

The spokesman pointed out that the selection committee chooses applicants for the apartments on the basis of need, with those with the greatest need receiving priority.

Councillor Stuart Brandon asked the representative whether provisions had been made for the inclusion of an elevator in the building. He stated that the ambulance staff has expressed concern about the steep stairways leading from the second floor

and that a landing halfway down the stairwell will make it impossible to manoeuvre a standard sized stretcher down the stairs.

Huffman said she did not think any provision had been made for installing an elevator in the building. She said the two storey design was standard in senior citizen apartments. She also stated that the committee will place residents with potentially serious health problems on the ground floor if at all possible.

Ministry of Housing officials expect apartments in the new senior citizens complex in Minden to be ready for occupancy early next month. The building contains 31 units.

Bikers take to bush on weekend

The Highlands will reverberate with a completely different sound this weekend as the attention of motorcycle enthusiasts throughout North America is drawn to this area.

This weekend the seventh annual Corduroy Enduro will be run with close to 250 entrants expected for the event. The Enduro is a cross-country motorcycle rally that takes the cyclists over some of the roughest terrain Haliburton county has to offer.

The organizers are quick to point out that the event is not a race in which one competitor attempts to beat the other to a finishing point. Each of the participants must cover a specific distance in a specified amount of time. There are ten checkpoints scattered along the route at which the cyclists must register. Arriving too early or late at a checkpoint can mean the loss of points.

According to the organizing secretary, Kerr Chalmers of Toronto and the British Empire Motor Club, some 70 per cent of the route will follow forest trails, 20 per cent will be on gravel roads and 10 per cent on the highway. "We try to keep the event on the trails as much as possible," he commented, "but in some cases we have had to use the roads to connect various portions of the trail system."

Chalmers also pointed out that riders are instructed to follow all regulations of the

Highway Traffic Act when travelling on the public roads. Any cyclist charged with an offence by the police can be disqualified from the event.

"Prior to the start of the rally, all motorcycles are tested for noise levels and only those that meet a certain standard are allowed to enter the event. In addition, riders must wear approved safety equipment," Chalmers stated.

The rally is a two day event with the cyclists covering almost 300 miles. Following Saturday's activities, the motorcycles are stored in a compound and watched constantly during the night. Competitors and their assistants are allowed only 15 minutes Sunday morning to service their machines.

The route through the bush has been laid out with the permission of the land owners. In many instances the organizers have relied on the assistance of local snowmobile associations in using part of their trail system.

"The purpose of the event is to test the skill of the driver over rough trails, his or her ability to follow the instructions and the trail, and to travel at an average speed as determined by the trail committee," Chalmers said. He noted that the members of the committee had been in the area for the past four weekends establishing the route.

In addition to the cross-country rally, competitors

will have the option of participating in a hill-climb. "This event is optional," Chalmers stated, "but for those riders in contention the extra points that can be gained in the hill-climb, make it well worth entering." The hill-climb, to be held Saturday afternoon at the Haliburton Community Centre, is one of the most popular events of the weekend.

Spectators are also invited to visit a number of vantage points along the Enduro route to watch the cyclists in action. The location of these points is noted on a map that will be available from the Chamber of Commerce office in Minden, the Information Caboose in Haliburton or at the event's headquarters, Locarno-on-the-Lake Lodge, on the north shore of Lake Kashagawigamog. These maps will not be available until late Friday or first thing Saturday morning.

The public has also been invited to watch the preparations and start of the Enduro at the Locarno Lodge Saturday and Sunday mornings. The first rider should be away at 8 o'clock.

This is the only Canadian enduro competition and the winners of this event will be named Canadian champions. They will receive trophies, appropriately mounted on a piece of birch wood, from the organizers, The British Empire Motor Club, and from the Canadian Motorcycle Association.

Local rider

While entrants will be coming from throughout Canada and the United States for the event, there is little doubt the local favourite will be 17 year old Dave Dodd of Haliburton. He finished first in his class last year and is looking to repeat the accomplishment again this season.

Organizers are also looking for the return of Beth Cooper from Columbus, New Jersey, who won the ladies' trophy last season. Three other

women are also entered in this year's event including Kathi Campbell of Mayo, Maryland who has entered the men's competition.

Eakins seeks more newsprint for weeklies

Victoria-Haliburton MPP John Eakins and the Ontario Liberal Party have come to the support of the weekly newspapers of Ontario.

The provincial representative, in a press release issued last week, has called on Ontario newsprint manufacturers to divert a small portion of their paper production to community newspapers in an effort to avert a threatened shortage of paper.

Eakins stated that if one and a half days production, normally destined for the United States market, were diverted to Ontario sources, the pending shortage could be averted.

"...the amount required by the Ontario weeklies is so minimal," Eakins' press

release states, "relative to that supplied to the U.S. buyers, that I feel the diversion of 1500 tons of newsprint to the Ontario weekly newspapers is reasonable and necessary."

Eakins said that most weeklies are independently owned and they could suffer serious financial problems if the paper shortage materializes. "There is little or no inventory at the moment," Eakins pointed out, "while the major U.S. buyers still have about 20 days inventory on hand, even with the shortages."

Eakins indicated that a formal request would be made to Ontario newsprint suppliers to reconsider their position and divert the small amount of production necessary to avert a shortage.

Editorial

Teamwork needed

While we endorse the efforts of the Ministry of the Environment to maintain clean and properly operated land fill sites in this province, we sometimes get the feeling that the officials are insensitive to the problems facing municipalities.

A case in point arose last week at the regular meeting of the Anson, Hindon and Minden Townships council. Environment officials made it abundantly clear that the present dump site on the Scotch Line Road has become unacceptable. The only alternative open to the municipality appears to be the location of a new site for the community's garbage. It may sound like an easy order to fill, but considering the flak the council has taken over the present site, it will probably be a long time before a new location is found.

Consider the necessary attributes: The dump must be isolated so as not to be a nuisance to nearby residents. However, it must also be relatively close to the main section of the community it serves otherwise people will not be bothered taking their garbage to the dump and the ditches and vacant lots closer to town will become disposal sites.

The dump site must be located in such a way that rainwater running down the face of the dump does not directly enter a water course...a situation in itself that is hard to find in an area covered with lakes, criss-crossed by rivers and streams and noted for its many swamps.

Material with which to cover the garbage as it is deposited must be readily at hand. Again this could be a problem because of the rocky nature of the Haliburton terrain.

Road access must be easy and quick to encourage residents to use the facility. This is often an additional cost when the officials finally do locate that ideal "isolated" site.

Finally, the land owner must be willing to sell the property to the municipality.

These are just some of the factors the municipality must take into consideration in its search for a new site. The strict regulations governing dump locations eliminate most potential sites, leaving the council in the impossible situation of being told to vacate the present site, but unable to find a new one.

Rather than just ordering the municipality to find a replacement for the present dump, it would be in the interests of all concerned if the Ministry of Environment officials assisted in the search. All too often the ministry appears to give a municipality an order to relocate, then sit back and wait for the search to be completed before pointing out that the chosen site does not meet certain standards.

We can appreciate the frustrations of the municipal representatives, who must eventually come to the conclusion that it is simpler to do nothing and continue using the present facility, than to try to satisfy the myriad criteria of the Ministry of the Environment.

What is needed is a co-ordinated approach where ministry officials assist during the search for a site. Perhaps then, the officials will realise just how difficult it is to fulfill all the criteria for a proper dump site.

REPORT FROM PARLIAMENT

by William C. Scott, M.P.

Under the former Liberal government, the importance of the small business sector to Canada's economy was not recognised until just very recently, and a separate government ministry for small business was only established in 1976. However, during the last 3 years, there has developed an increased understanding of the important role that the small business sector plays in the national economy.

The new minister of State

Letters

Editor:

The following editorial, from the Edmonton Journal, has come to my attention. I feel it contains a number of facts and figures that have never been publicized in this part of Canada. I think the people in this area will be interested in learning the facts behind the oil situation and submit this for your consideration.

"Alberta is typically painted as the greedy oil baron of Canada. Nothing could be more glib or farther from the truth.

Alberta oil sells at a huge discount, not only by comparison to OPEC prices, but to prices in the United States. The weighted average of oil prices in Chicago is now \$18.50 a barrel in Canadian dollars. Good quality Alberta oil sells for only \$13.75 a barrel in Canada - \$4.75 a barrel cheaper than oil south of the border.

OPEC oil landed in Montreal exceeds \$25 a barrel. What is Alberta oil really worth? Ottawa knows. It authorizes the export of 55,000 barrels of Alberta oil daily to the United States - for \$29 a barrel. On each of these barrels, Ottawa keeps the \$15 profit on Alberta oil for itself. Of the \$13.75 that Alberta oil fetches in Canada, the people of Alberta get only \$5.80. Ottawa gets \$2.09.

Alberta sells the cheapest oil in the world and our reserves of liquid oil are declining. By 1985, our capacity to produce liquid oil will fall by almost 50 per cent.

Allegations that Alberta is selfish or greedy for selling its declining oil reserves for inflated prices are mistaken and occasionally malicious.

Joe Clark's government has a responsibility, not only to raise domestic oil prices quickly, but to get the facts across to Canadians from sea to sea; financially, there is no Canadian province bending more for the national interest than this."

J.R.Lee
MINDEN

Note

In last week's editorial, reference was made to the problems created at the rock concert Labour Day weekend and that they would be on the Anson, Hindon and Minden Townships council meeting agenda. While the council did hear a letter from the Ontario Provincial Police, Minden Detachment, with regard to the increase in fines for liquor offences, there was no reference to the rock concert incident, and the matter was not discussed by the councillors.

for Small Business, is my colleague from British Columbia, the Hon. Ronald Huntington. Mr. Huntington is as yet, not well-known to Canada's small businessmen, but on those occasions when he has spoken publicly, he has reaffirmed the government's intention to give the problems and challenges of the small business enterprises in Canada increased attention in the days ahead.

The new minister has promised that the Small Business ministry will specifically begin to formulate new policies for the protection of small businesses from industrial giants, that it will review taxation policy concerning small business operations, and that it will try to simplify the government bureaucracy with which Canada's small businessmen presently have to cope.

The challenge for government, used to dealing most often with the biggest and most vocal, be it big business or big labour, is to hear and to begin to understand the problems in the world of small business, according to the minister.

Despite the presence of a handful of large, well-known, multi-national enterprises in Canada (Massey Ferguson, Northern Telecom, Brascan), we are not most often thought of by the rest of the world as an industrial country. We are still too often considered to be "hewers of wood and drawers of water." The world has a romantic image of Canadians

as mostly farmers, fishermen and trappers. This is surprising, because of the 9000 members of the Canadian Manufacturers Association, 8000 are small and medium-sized manufacturers. We are a true manufacturing nation, and in the last 25 years, the most jobs and the biggest contribution to the national wealth have come from the country's factories, not its mines, farms and forests, as important as those are.

Mr. Huntington has frankly acknowledged that if Canada is going to capitalize on the potential of the small enterprises in Canada, structural changes will have to be made. He has promised that the emphasis in the Small Business ministry will be on how both small and medium-sized enterprises can use both developed and new technology to maintain productivity in a highly competitive international environment, on finding the resources (both financial and research) for new ventures, and on taking advantage of new export opportunities in the resource, manufacturing and processing areas.

The specifics of how the government can assist the small businessman in Canada are available in an informative booklet "The Government of Canada and the Small Business". Interested businessmen in Victoria-Haliburton who would like more information about how the government can aid them,

should write The Small Business Secretariat, Department of Industry, Trade & Commerce, 235 Queen Street, Ottawa, Ontario, K1A 0H5.

Letters

Editor:

We, the Minden Recreation Committee, are certainly concerned over the recent happenings that took place at our community arena involving the police, fans and a rock group.

During the past few years, rock groups have been a major source of entertainment to our area as well as providing much needed funds to support our recreational program. Until now, this has been accomplished with only a few minor incidents, certainly a credit to our arena staff, the local OPP detachment and the security provided by the promoters themselves at all rock concerts.

As usual, the actions and conduct of a few will, at these occasions, ruin it for the majority. The Recreation Committee cannot condone what supposedly took place and appropriate action will be taken.

Mr. Sisson, arena manager, myself and Sgt. Besteman of the Minden detachment have discussed the matter and Sgt. Besteman has offered to meet with the committee as soon as possible, to discuss the future of rock concerts in our community.

I have been involved with our new community centre since its inception and have served in many capacities on the committee, many times as chairman. I had the privilege of being the chairman of the Fund-Raising Committee when the arena was being planned.

Yes! I care what happens - the committee cares. Many hours are given freely to supervise and administer the very sizeable investment which the taxpayer is supporting. You can take pride in knowing that your centre is known by many involved in the recreation field as one of the best. We do, and we intend to keep it that way.

Norm Harrison,
Chairman,
Minden Recreation
Committee.

Editor:

I would like to commend Mr. Hummell and his helpers for the fine job they did on the building at the Rotary Park.

I believe this was a Rotary project. We are indeed lucky to have this lovely park to enjoy and it has been kept very nice this past summer.

Florence Robinson
Minden.

Editor's note: The new change house at Rotary Park was a joint effort of the local Rotary Club and the Young Canada Works employment program. While the park is operated and maintained by the municipality, the preparation of the site and much of the initial work was carried out by members of the Minden Rotary Club.

Mainstream Canada

Transportation System Still in a Mess

By W. Roger Worth

Several years ago, former federal Transportation Minister Jean Marchand bluntly summed up the state of Canada's transportation system: "It's in a mess."

Nothing much has changed in the intervening period. Canada's transportation system is still in a mess.

Just ask wheat farmers what they think of the rail-port system that carries their product to international markets. The answer, after they've stopped swearing: it's horrendous.

In fact, the country is losing millions of dollars worth

Roger Worth is Director,
Public Affairs,
Canadian Federation of
Independent Business.

of wheat sales because Canada can't fulfill its delivery commitments. The country's trading partners limit orders because they know we can't deliver.

While proposed new port facilities on the West Coast may alleviate part of the problem, Western farmers - through the Canadian Wheat Board - have been forced to spend millions of dollars on rail cars in an attempt to upgrade the system.

The situation is little different in Atlantic Canada, Quebec and Ontario.

The railway companies continually seem to be switching rail freight to trucks as a matter of policy, meanwhile cutting back service. Rail freight rates are also extremely high compared to those in the U.S.

A Nova Scotia businessman, for example, claims it is much cheaper to truck his product 400 miles to the U.S. border and use the American rail system for a Chicago shipment, rather than give the business to the Canadian railways.

For small business people, even finding the best freight rate creates havoc, given the anomalies and sometimes contradictory pricing policies built into the complicated system.

As far as rail passenger service is concerned, forget it. Aside from CN's much ballyhooed Montreal-Toronto Turbo train, the railways just aren't interested.

What's amazing is that all this is happening at a time when energy prices are rocketing.

Instead of creating roadblocks for potential customers, Canada's railways should move into the 20th century, using their energy-efficient equipment to provide the upgraded kind of service the country so badly needs. Who knows, they might even find it profitable.

Whitewater challenge

The White water Kayak races breed a different kind of person.

The thrill of plummeting through the frothing white water while it quickly swishes through the rapids at Horseshoe Falls draws many kayak enthusiasts from around the province every year.

On Sunday, enthusiasts, young and old, male and female, took to the water to prove their strength and endurance.

The race against the clock begins just below the falls with gates lined up for about 400 yards down the bubbling Gull River.

The gates are numbered and some carry a big letter "R" on the top to tell the paddlers to manoeuvre his (or her) kayak backwards through the gate. Some gates require that the kayak pass by, be turned around and paddled upstream through the turbulent water.

The race is run on the point system. For each deviation from the course, or if a competitor accidentally hits part of the gate, he is penalized with additional seconds. There are different grades of penalties depending on the seriousness of the deviation.

It was a test of strength, skill, talent and intelligence as the photographs on this page amply demonstrate.

Story and Photos by Sue Spence

Car strikes bridge

A 1978 model car sustained \$4,000. damage in a single car accident September 14 in Haliburton Village.

John P. Smith, 17, was the driver when the vehicle went out of control and struck a bridge just west of the community. The youth suffered minimal injuries in the mishap.

Constable Weldon Popp investigated the accident.

Roll over

Aman is in good condition at Ross Memorial Hospital in Lindsay following a single car accident Friday afternoon.

Richard D. Smith, 18, a resident of Lindsay, was a passenger in a van driven by Timothy J. O'Brien, 24, of Peterborough. The vehicle was westbound on Highway 503 near Gooderham when the driver lost control on a curve and the van rolled over. O'Brien suffered minor injuries in the mishap.

Smith was taken to Haliburton Red Cross Hospital and transferred to Lindsay later that day.

Damage to the vehicle was estimated at \$1,000.

Charges are pending.

The accident was investigated by Constable Ron Buchanan.

\$3500 Damage

A two car collision on Highway 121 near Haliburton resulted in \$3500 damage. The mishap occurred Saturday afternoon.

According to police, a car driven by Leonard Stamp, 30, of Haliburton was travelling west on the highway when a vehicle driven by Joseph B. Fritshaw, 57, R.R. 2, Haliburton, travelling in an easterly direction, attempted a left hand turn. The Fritshaw vehicle was struck on the side by the Stamp car.

Damage to the Stamp car was estimated at \$2500.00 while the Fritshaw vehicle sustained \$1,000 damage.

A passenger in the Fritshaw vehicle, Vera Fritshaw, 57, was taken to Haliburton hospital for treatment and released.

Police have charged Fritshaw with making an unsafe turn.

OPP Constable Al Barnes was the investigating officer.

Lost control

A charge of failing to report an accident has been laid against Joy E. Lawrence, 18, of Willowdale, after she was involved in an accident Friday on a private road in Harburn township.

According to police, the vehicle was travelling east on the roadway when the driver lost control on a downhill curve and entered the north ditch. The car rolled onto its side.

The vehicle sustained \$2000 damage.

Constable Weldon Popp investigated the mishap.

Sideswipe

Close to \$1500 damage resulted when two vehicles sideswiped each other on a curve. The mishap occurred Saturday at noon on the Kingscote Lake Road in the Harcourt area.

According to police, Thomas J. McCleery, 44, of Frankford, was travelling south in a pick-up truck which was towing a trailer. He met a car driven by Paulette Klekos, 22, of Islington on a curve and the two vehicles sideswiped each other.

The McCleery truck and trailer sustained \$400 damage while the Klekos car suffered \$1000 damage.

Constable Al Bibby investigated the accident.

Careless driving

A driver from Bramalea has been charged with careless driving following a single car accident on Highway 121 in Minden township. The mishap occurred in the early hours of Sunday morning.

David J. Yetman, 18, was the driver of a car travelling east on the highway when the vehicle struck a restraining barrier on the north shoulder of the road.

The driver and Michael Neubert, 18, also of Bramalea, sustained minor injuries

Creole singers here

Hyland Crest in Minden will be the scene of a special concert of Haitian singers next Thursday (September 27).

The Creole Singers will be performing at the senior citizens residence as part of a campaign to raise money for the International Child Care Foundation. The concert will include traditional Haitian music rendered in song and instrument. In addition, a display of Haitian crafts, including beads and carvings, will be on view at the Home.

The association of the International Child Care (ICC) foundation with Haiti goes back 12 years when the group was first founded. Since then the ICC has concentrated its efforts in vaccinating the children of the island nation against the ravages of tuberculosis. According to the organization, through the efforts of ICC, over one million young people in Haiti have received the tuberculosis vaccine.

The ICC is also involved in

relief work for children in other areas of the world.

Through a sponsorship program, residents of Canada have "adopted" an overseas child, providing the necessary funds to look after his or her

health and food needs. The sponsorship program is co-ordinated through ICC.

The concert next Thursday will be held in the Hyland Crest auditorium and will begin at 3 p.m.

SENIOR LEAGUE

by Linda English

Monday was the beginning of a new week and it started at Hyland Crest with a kick at the ball at Fun & Fitness. We had a game of ring-toss, and even though this is a tough game to win, Bill Hounsall came through with an excellent score of 25.

We exercised our bodies, and sang while Doris played the piano. Everyone was in a happy frame of mind, and even those in wheelchairs participated and enjoyed their morning fitness program.

Later in the afternoon, the ladies made their way downstairs to the craft room. Everyone is working together to make new things for the Home showcase and the Christmas bazaar. After craft, we relaxed over a cup of tea and cake.

Tuesday morning was the time of worship with Jimmy Cooper of the Plymouth Brethren faith in the chapel. Norma Barron played the organ while we sang our praises.

Tuesday afternoon was movie time again, and there was an excellent turnout. We saw a movie entitled Canada which showed scenes from St. Johns Newfoundland to Vancouver, British

Columbia. We were taken on a tour of this vast land of ours. We saw Eskimos making igloos, and doing their best to survive in the cold north. A visit to the rodeo in western Canada was particularly interesting. The film showed Canadian wildlife and ended with a scenic journey through the magnificent Rocky Mountains.

The Living Rain Forest, the second movie, was filmed in Indonesia where 100 inches of rain falls per year. There is very high humidity and no cold weather. There is an abundance of food for human and animal consumption. We saw the many reptiles that exist in the jungle areas and were really amazed and entertained by the story of the monkeys.

Wednesday we loaded the bus to go for a drive. We ended up at Skyline park in Haliburton. Some people got out and looked over beautiful Haliburton and enjoyed the fresh air. We then continued our journey down Highway 519 to Donald, where we looked at the remains of the chemical factory there. Many of the residents recalled when the factory

was going in full force. I was told that at one time, Donald was a booming town, and the factory employed many local people.

We continued to Lochlin and turned towards Ingoldsby. On the way, someone yelled "stop the bus." There it was, on the side of the road, the most beautiful apple tree you ever saw, just loaded with apples.

It just so happened the tree was on my father's farm. The apples were delicious and we filled our pockets for a treat later on. We then went on through Ingoldsby, down Highway 121 to Hyland Crest. Everyone thoroughly enjoyed the day especially the apple escapade.

There's nothing like fresh apples, especially when you pick them yourself.

Thursday afternoon, the St. Stephen's Guild of

Boshkung brought a delicious lunch for the afternoon tea party. They served a lovely assortment of tea breads. Everyone looks forward to and enjoys, the Thursday tea party. We certainly appreciate the efforts of the many organisations which contribute to it.

Friday evening, a group of children from the Allsaw mission, were here to sing and entertain us.

The residents always enjoy seeing the children perform. Mrs. Bowron was particularly pleased to see her young grandchildren among the group.

This has been a special week for Mrs. Elizabeth Smethurst, Frank Billings, and Isabella Eastman who celebrated their birthdays. All were presented with a birthday cake and wished many more happy birthdays by the kitchen staff.

AROUND THE TOWN

by Jeanne Sears

Hope you checked the new times for buses, as we notice the regular bus now leaves an hour earlier. Perhaps it might be as well to pick up a schedule.

Sincere sympathy goes to the families and friends of the late Master Clinton Beausoliel, Albert Fox, James Hubley and also to the Harvey McIntosh family on the death of his mother.

Sunday guest with Mr. & Mrs. Angus Coulter was Gerald Coulter of Toronto.

All their friends send good wishes to May Wright and to Della Griffin who have been ill.

Eleven members and a little one from our branch enjoyed the party at Norland last Tuesday afternoon, on the

occasion of the 50th anniversary of the Norland branch of the Women's Institute.

The bus chartered by the district Horticultural Society gave great pleasure to its passengers who enjoyed the tour of Dundurn Castle and the Botanical Gardens, both at Hamilton. They tell me, the tea they had at the Tea Room overlooking the gardens was delightful. Everyone really enjoyed the great day.

Nila Graham and Merle Barkwell of Huntsville visited their parents, Mr. & Mrs. Taylor Kernohan one day last week.

Minden Minor Hockey wish to let you know that Saturday September 22 is the last day for reduced registration rates for the winter; you may register at the

Municipal Office upstairs on Saturday from 1-4 that afternoon.

On September 24 the season starts for card games at the Orange Lodge Hall (beside the United Church). This is at 8 p.m. and euchre and cribbage will be played. These games will be held on the last Monday of each month and everyone is welcome.

Your Branch Library, through the Lake Ontario Libraries, is pleased to have Deckhands Puppet Show at the Municipal Office upstairs on September 29 at 3 p.m. They will present Rumpelstiltskin and the Sick Cow. There is no charge and all are welcome.

We read that the Leigh Sissons and the Andy Sissons are celebrating sixtieth

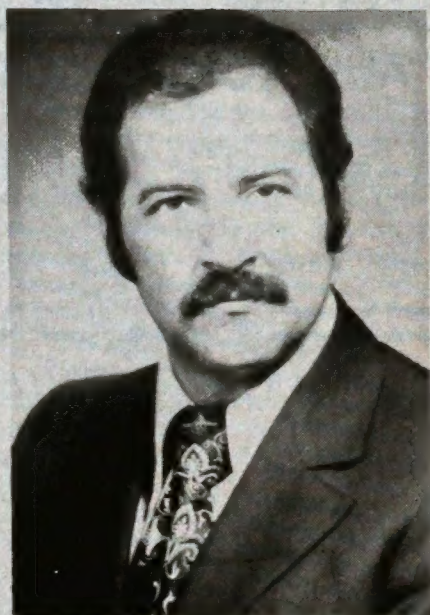

wedding anniversaries on September 22. This community joins in sending good wishes to both couples.

We got a crocus bulb in the mail today, so will plant that and send our donation along to the Mentally Retarded Fund. What a grand way to ask for a donation and how did your seeds grow last spring?

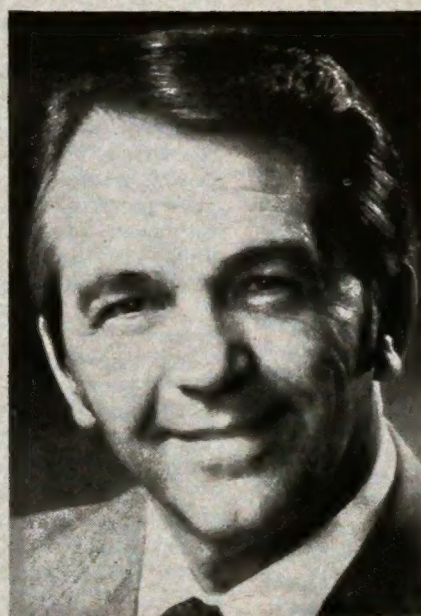

Don't forget, the mini card parties start this Thursday afternoon at 1.30 sharp at St. Paul's Anglican Parish Hall with bridge, cribbage and euchre - everyone welcome - come out and meet our gang!

Such a grand September and now snatches of colour are appearing; perhaps the colour will last until Thanksgiving this year. Lots of traffic, so take care. Cheerio until next time.

The driver of this tractor trailer, Gordon W. Arnold, of Newmarket, suffered only minor injuries after the vehicle slammed into a tree on Bingham Road, Wednesday afternoon. Damage to the truck was estimated at \$5,000. According to the driver, a partial washout on the side of the road caused him to lose control of the truck as he passed another on the narrow gravel road. The skidder at the left is in the process of moving the damaged truck back to the road.

Road plan changed

Township council is going to try another tack in its attempt to close the road through Hart Lodge at Twelve Mile Lake.

Last month the council heard a number of objections from cottagers on the west side of the lake to the fact the original road through the Lodge was closed. The property owners were concerned particularly with what they described as an improperly passed by-law.

Reeve Sinclair Nesbitt told the Anson, Hindon and Minden Townships council meeting September 12 the township now intended to close the old road at the point where it meets the new road. This would allow property owners just west of Hart Lodge access through the former road while property owners on the remaining portion of the west side of the lake would have to use the new road. Nesbitt said that no by-law was needed to create the dead end.

Councillor Len Lonsberry suggested the council should admit that it had acted incorrectly in passing the first by-law and that it should begin proceedings all over again if it wanted to close the road. He suggested that if the council opened the road through the Lodge, the

township would find the new road blocked with a load of gravel. His reference to the gravel is based on a number of incidents which occurred when the new road was first constructed.

Apparently the original understanding was, that when the new road was constructed, the old right of way would be closed and revert to the owner of Hart Lodge. When the new road was first built, the property was not owned by the township, and so on a number of occasions the new road was blocked by a gravel pile or a fallen tree. The implication appeared to be that council had not followed through with its original agreement and the owner of the land over which the new road crossed, was not about to follow through either.

Reeve Nesbitt pointed out to the meeting that the new road is now part of the township road system.

The reeve said the council has a responsibility to the businesses in the municipality as well as the ratepayers. He pointed out that Hart Lodge employs a number of local people during the summer months and that employment is valued in the area. He said the council cannot satisfy everyone.

Councillor Lonsberry said the actions of the council would not solve the problems. "Instead of 65 objections" he commented referring to the number of signatories on the petition presented by the property owners along the west side of Twelve Mile Lake, "we will only have 58."

The president of the Twelve Mile Lake Cottagers' Association, Warren Edwards of Hamilton said it would be difficult at this point to say what the reaction of the cottagers on the west side of the lake would be. He commented that the original protest had been based on the procedure used by the council to pass the by-law closing the old road. "We have invested a great deal of money, time and effort in our properties in Haliburton County", he commented. "We feel we deserve to be informed of actions like the by-law passed earlier this year, which affects us."

Edwards said it was difficult to see the purpose of council in placing the dead end barricade where it had been suggested.

The council has, on the advice of its legal counsel, Don Finn, agreed to withdraw the original by-law, which was passed in

February. In a letter to the council, the lawyer said the attempt to pass the by-law had been "worth the gamble" but felt the council should now rescind it.

Reeve Nesbitt said he felt there was little chance the cottage association would have gone so far as to challenge the by-law in the courts, but that the by-law should now be rescinded.

The township clerk was instructed to prepare a by-law which would strike the original from the books.

STANHOPE NOTES

by A. F. Stevenson

The memory of the late B. Napier Simpson will be honoured at a dedication service at St. Peter's Anglican Church at 4.30 p.m. Monday, September 24. Bishop Alan Read, Diocese of Toronto, will conduct the service dedicating the beautiful window to the memory of Mr. Simpson.

At the same time, the new pulpit will be dedicated to the memory of Mr. Holly Dawson who was born and raised in Stanhope.

Friends and admirers of both these men will be welcome at this dedication

service.

It is something of a coincidence that on the same date, September 24, at 1.30, an O.M.B. hearing will be held relative to the zoning by-law which Napier Simpson worked on with so much dedication on behalf of the Township.

Wardens banquet

Stanhope Township will be the setting for the upcoming county warden's banquet which will be held October 20. The gathering will be hosted by county warden Jim Harrison, Reeve of Stanhope and Mrs. Eleanor Harrison.

Sixtieth Anniversary.

In closing this article, we would remind all friends of Mr. and Mrs. Leigh Sissons that their sixtieth anniversary will be celebrated at St. Peter's Church on Saturday, September 22. We refer to this because of the following quotation which we think should be enshrined far and wide since it is so full of meaning, so beautifully expressive, and so brief but poetic - In response to the question, "What is the most important aspect of life" the reply was "to be alive - just to be alive".

We extend to Mr. and Mrs. Sisson, our heartiest congratulations on the occasion of their sixtieth anniversary and our thanks for a beautiful philosophy.

FALL COURSES

FALL COURSES

sir sandford
fleming college

IN HALIBURTON

The following courses are open to anyone in the community with an interest in the subject. They have been designed to help you make the most productive use of your leisure time. Many can open doors to enjoyable new hobbies or lead to other activities.

DANCING

Disco I

Beginners Disco: Students will be taught the latest disco dances such as the New York Hustle, Tango Hustle, and various line dances.

DATE: Tuesdays, October 2 to December 11 and January 8 to January 22 -- 7:30 to 8:30 p.m.

FEE: \$45.00

Disco II

Preliminary Disco: Students taking this course must have completed Beginners Disco. More advanced steps of the above course will be taught.

DATE: Tuesdays, October 2 to December 11 and January 8 to January 22, 6:30 to 7:30 p.m.

FEE: \$45.00

Disco III

Intermediate Disco: Students taking this course must have completed Disco I and Disco II

DATE: Tuesdays, October 2 to December 11 and January 8 to January 22, 8:30 to 9:30 p.m.

FEE: \$45.00

Ballroom Dancing III

Intermediate Ballroom: This course is a continuation of preliminary ballroom classes.

DATE: Tuesdays, October 2 to December 11 and January 2 to January 22, 9:30 to 11:00 p.m.

FEE: \$60.00

NOTE: All classes will be held at the Wagon Wheel Motel.

INSTRUCTORS: All classes will be taught by instructors from the Ken Atkinson School of Dancing who have taught in Haliburton, for two terms, for Sir Sandford Fleming College.

INTRODUCTION TO PSYCHOLOGY

(College Credit)

The purpose of this course will be to introduce students to psychology in an interesting and life-related way. Based on this statement, the objectives of the course are: to supply the students with the information that will help them gain an effective understanding of human behavior and to create a greater awareness of man and his world. Some of the topics to be studied include: personality, motivation, attitudes and beliefs, learning and perception.

DATE: Mondays, October 15 to December 17 and January 14 to March 17, 20 weeks, 7:00 to 10:00 p.m.

LOCATION: Rail's End Gallery

FEE: Fees will be announced at a later date.

INSTRUCTOR: Brian Turner, M.A., who has a background in clinical psychology and community mental health.

COOKING WITH MICROWAVE

This workshop will cover topics such as: What is microwave?, the use and care of a microwave oven, knowing your microwave, cooking tips, techniques, and utensils. During the afternoon demonstrations and preparations will be discussed for various menus including fish, vegetables, baking, desserts, meat and poultry.

DATE: November 13 from 10:00 a.m. to 4:00 p.m.

FEE: \$10.00

LOCATION: Lakeview School, Haliburton

INSTRUCTOR: Gailin Stapley, who is the owner of the microwave oven cooking school in Peterborough.

WEAVING WORKSHOP FASHION FABRICS

Students will explore the design possibilities and the planning of apparel fabrics. The emphasis will be on choice of yarns, use of colour and texture, and the planning of co-ordinating fabrics. Fabric finishing instruction is included in this course.

DATE: November 21, 22, 23, 9:00 a.m. to 4:00 p.m.

FEE: \$45.00

LOCATION: Lakeview Centre, Haliburton

INSTRUCTOR: Dini Moes, who is a certified Master Weaver. She has taught at the Haliburton School of Fine Arts and has taught in Peterborough for several years.

KING TUT LECTURE SERIES

A timely introduction to a fascinating area in art as a preparatory course for the arrival in Toronto of the fabulous "Treasures of Tutankhamen" exhibition. This dazzling show, on tour from the Cairo Museum, is currently receiving rave reviews in the United States. An overview of Egyptian art will be given. Topics to be discussed include: background in Egyptian art, culture, and religion, discovery and excavation of King Tut's tomb in the Valley of the Kings, and an informative examination of the treasures found inside. Included in your course fee is a ticket to the King Tut exhibition, December 2.

DATE: Saturday November 17 from 10:00 a.m. to 2:00 p.m. and Sunday November 18, from 11:30 a.m. to 3:30 p.m.

FEE: \$15.00

LOCATION: Rail's End Gallery

INSTRUCTOR: Wilma Foley

SQUASH

Beginners Squash: Students will learn the fundamentals and rules of the game. Raquets will be provided if necessary.

DATE: Tuesdays, October 9 to November 27, 7:00 to 8:00 p.m.

FEE: \$25.00

LOCATION: Haliburton Squash Club

INSTRUCTOR: Ken Rydman

NOTE: Class size is limited to six.

COURSES OF INTEREST TO WOMEN

DISCUSSION FOR WOMEN

Come out for a lively discussion series on topics of interest to women. This is an opportunity to exchange views with informed speakers and meet other women with similar concerns. Topics will include:

October 9: Vietnam--the culture and traditions.

October 16: Assertiveness training--An Introduction Blanche Turner, M.A.

October 23: Parental responsibility vs. child's responsibility--panel discussion.

October 30: Women's health (topic to be determined by the group)--Dr. Joy Ballard.

November 6: The community as a resource.

November 13: Basics of photography--bring your camera--with Bruce J. Turner, Professional photographer

DATE: October 9 to November 13 -- 9:30 to 11:30 a.m.

FEE: \$20.00

LOCATION: Haliburton United Church

NOTE: If there is sufficient demand, babysitting for pre-schoolers will be available for an additional cost of \$5.00 per child for the series

THE ART OF WILD GAME & FISH COOKERY

This six week course is directed toward the individual who would like to learn how to prepare attractive meals using small and large wild game and fish as a main course. Included in the course will be partridge, duck, venison, lake trout, bass rabbit, (moose and bear if available). Complementary dishes will also be suggested and demonstrated. Students will have an opportunity to sample all dishes.

DATE: Wednesdays, starting October 24, for six weeks, from 7:30 to 9:30 p.m.

FEE: \$35.00

LOCATION: Haliburton, (exact location to be announced)

INSTRUCTOR: Phyllis Bishop

NOTE: This course is restricted to 15 students

PLAYING AND LEARNING TOGETHER

Share new ways of playing with your child in a playgroup for mothers and pre-schoolers aged 2-4 years experimenting together with various media in the areas of arts, crafts, music and games. Emphasis will be on using materials available in the home. The one hour play session will be followed by a one hour classroom discussion for the mothers during which time the children will be cared for in the playroom.

DATE: Wednesdays, commencing October 10, for eight weeks, from 9:30 to 11:30 a.m.

FEE: \$25.00

LOCATION: Minden United Church

INSTRUCTOR: Caroline Bishop, B.A., who has taught primary school and has completed workshop training in adult-child communications. She has successfully taught this course in the past.

NOTE: If there is sufficient demand, babysitting will be provided for pre-schoolers (those not involved in the course) for an additional cost of \$5.00 per child for the series.

NEW OPTIONS FOR WOMEN

This eight week course will focus on learning more about your potential, strengths and aspirations. The program will make use of group discussion, recommended reading material and role playing. Topics will include decision-making, women and work, adult development, setting goals and attaining them. This course is designed for women of any age considering new directions or alternatives.

DATE: Thursdays, commencing October 11 for eight weeks, 7:30 to 9:30 p.m.

FEE: \$25.00

LOCATION: Lakeview Centre, Haliburton

INSTRUCTOR: Blanche Turner, M.A., who is employed at Sir Sandford Fleming College Organizer of Women's Programs. She has also taught other courses for the college.

SQUASH FOR BEGINNERS

Students will learn the fundamental techniques and rules of squash

DATE: October 11 to November 29 (eight weeks) -- Thursdays, from 10:00 to 11:00 a.m.

FEE: \$25.00

LOCATION: Haliburton Squash Club

INSTRUCTOR: Faye Schonhoffer

NOTE: Class size will be limited to six

If there is sufficient demand, babysitting for pre-schoolers will be available for an additional cost of \$5.00 per child for the series

Macrame I

This course is designed for both the beginner and those whose skills have become a little rusty. Participants will acquire skills in tying the basic knots and in selecting suitable materials and patterns. Projects will include pot-hangers, belts, and the owl. Materials will be available for purchase from the instructor.

DATE: Wednesdays, commencing October 10, for six weeks -- 7:30 to 9:30 p.m.

FEE: \$20.00

LOCATION: Christian Education Centre, Carnarvon

INSTRUCTOR: Darlene Johnson, who has previously taught macrame for Sir Sandford Fleming College in Lindsay.

NOTE: This course is restricted to 20 students.

INDOOR GARDENING

Students in this six week course will learn techniques of making things grow indoors. The care and feeding of plants, light and temperature, and disease control will be some of the topics covered. Participants will be invited to bring their individual questions and problems to the class. The fall and winter can be a delightful continuation of your summer gardening through this program.

DATE: Mondays, commencing October 1, for six weeks, from 7:30 to 9:30 p.m.

FEE: \$20.00

LOCATION: Minden (exact location to be announced)

INSTRUCTOR: Pat Campbell of Campbell's Garden Centre

FALL COURSES

ON COUNTY

REGISTRATION: For further information telephone Sir Sandford College in Haliburton, weekdays from 9:00 a.m. to 5:00 p.m. at 457-1680. To register, fill out the application form printed below for your convenience and mail it well in advance to Sir Sandford Fleming College, P.O. Box 339, HALIBURTON, Ontario, K0M 2S0.

OFF-LOOM WEAVING

This course will include the basic techniques involved with several types of off-loom weaving, e.g. finger weaving, basket weaving, rigid heddle weaving, simple frame loom weaving and box loom weaving. Students will complete several articles using the various weaving methods. (Example: place mats, dolls, baskets, wall hangings, pillows, purses, belts.)
DATE: Thursdays, October 18 to November 22, six weeks, 7:30 to 9:30 p.m.
FEE: \$20.00
LOCATION: Wilberforce Community Centre
INSTRUCTOR: Mary Wallace

INTRODUCTORY WEAVING

This course will include planning and making a warp and putting it on the loom and weaving it. Basic loom control, finger manipulated weaves and simple finishing techniques will be taught. Students will also be introduced to basic weaving techniques and terminology. Students will complete a handbag during the course.
DATE: Wednesdays, October 10 to November 14, 7:30 to 10:00 p.m.
FEE: \$30.00
LOCATION: Lakeview Centre, Haliburton.
INSTRUCTOR: Judy Chapman, who has been weaving for many years and who has taught courses for Sir Sandford Fleming for the past two.

CHILDREN'S HORSEMANSHIP

This course is designed for students who have already completed the children's horsemanship program during the spring or who have had previous horsemanship experience. Areas to be covered will be the care of the horse, care of tack, and emphasis on correct seat at canter and trot.
DATE: Saturdays, September 22 to October 20, 10:00 to 12:00 noon.
FEE: \$25.00
LOCATION: Rockwood Farms
INSTRUCTOR: Mary Jane Irwin

ADULT HORSEMANSHIP

This course includes proper care of horses and tack. It will include emphasis on developing a correct and comfortable seat while walking, trotting and cantering. Previous experience not essential.
DATE: Sundays, September 23 to October 28, 10:00 to 12 noon.
FEE: \$35.00
LOCATION: Rockwood Farms
INSTRUCTOR: Mary Jane Irwin

BURNING WITH WOOD

This workshop will include types of heaters, wood heating principles, safety, installation, maintenance, chimney construction and upkeep and wood sources. One class will be given by a member of the Haliburton Fire Department on woodburning emergencies and safety procedures.
DATE: Tuesdays, October 30, November 6 and November 13, 7:30 to 9:30 p.m.
FEE: \$15.00
LOCATION: Rail's End Gallery
INSTRUCTOR: Wally Stender, who is the owner of Walsten Electric in Kinmount. He has been involved with wood burning equipment for several years

FRENCH

This program is designed for people wishing to learn conversational French. Some grammatical structure will be covered, but the emphasis will be on developing conversational ability and comprehension.
DATE: Thursdays, October 11 to December 13, 7:30 to 9:30 p.m.
FEE: \$20.00
LOCATION: Haliburton High School
INSTRUCTOR: Stella McLean, who has taught conversational French for Sir Sandford Fleming College in the past. She also teaches French at the Haliburton Highlands Secondary school.

MIXED SOCIAL BADMINTON

This course is for beginners or those who like to practice their skills. Each evening will include instruction for those who wish it and playing time. Players must supply their own raquets and birds.
DATE: Wednesdays, October 10 to November 28, 7:30 to 9:30.
FEE: \$20.00
LOCATION: Haliburton High School
INSTRUCTOR: Glen Scully, who has taught badminton for several years for Sir Sandford Fleming College.

UPHOLSTERY

Here is a course that will give you a chance to learn by doing. During this course you will be able to upholster a piece of furniture, refinish if required or upholster a simple piece built in class
DATE: Wednesdays, October 3 to November 28, 7:00 to 10:00 p.m.
FEE: \$50.00
LOCATION: Mahaffy Upholstery, Highway 121, one mile south of Haliburton.
INSTRUCTOR: Al Mahaffey, who is the owner of Mahaffey Upholstery and who has taught similar courses for Sir Sandford Fleming College.

GLAZE APPLICATION AND DECORATION

Glazes will be analyzed and tested and experimentation will be done with glaze application.
DATE: November 19, 20 & 21.
FEE: \$25.00
LOCATION: Lakeview School, Haliburton
INSTRUCTOR: Ron Roy, who is a professional potter and owner of Rodacco Clay.

POTTERY I & II

This course will teach beginners the fundamentals of hand and wheel work. Emphasis will be on teaching students control and techniques of basic forms and methods. Class size will be limited to six.
DATE: Tuesdays, October 9 to December 11, 12:30 to 3:30 p.m. for Pottery I.
Thursdays, October 11 to December 13, 7:00 to 10:00 p.m. for Pottery II.
FEE: \$35.00
LOCATION: Two Sense Worth, Minden
INSTRUCTORS: Judy Phillips and Sharon Barclay

CHILDREN'S POTTERY

On these six Sundays the children will work with clay, making projects such as necklaces, Christmas decorations, bowls, etc.
DATE: Sundays, October 14 to November 18, 12:30 to 2:30 p.m.
FEE: \$17.00
LOCATION: Two Sense Worth, Minden
INSTRUCTORS: Judy Phillips and Sharon Barclay

WELDING

This course is designed to teach the basic principles of welding for oxy-acetylene and arc welding. Materials will be available for purchase from the instructor and students will work on individual projects.
DATE: Wednesdays, October 10 to November 28, 7:00 to 9:00 p.m.
FEE: \$40.00
LOCATION: E.J. MacDuff's Welding Services in Gooderham
NOTE: There will be a maximum of six students only

SNOWMOBILE MAINTENANCE

This course is designed for people who want to learn basic maintenance for their own snowmobiles. All areas of everyday maintenance will be covered, including electrical problems, belt adjustments and alignments, proper lubrication procedures, carburetor adjustments and safety precautions.
DATE: Mondays, October 8 to October 29, 8:00 to 10:00 p.m.
FEE: \$15.00
LOCATION: to be announced
INSTRUCTOR: Ken Evans, who has owned and operated a snowmobile sales and service outlet as well as a marina. He is presently employed in the service department at Haliburton Marina.

Registration for all Women's Programs must be in before October 1.

Gullford takes final

In what had to be a most exciting finish to a baseball season, the West Guilford ladies squeezed by Minden 9-8 Thursday evening to take the Haliburton County Ladies Softball championships four games to three.

The scene for the finals was set earlier in the week. Monday night saw the West Guilford team take a 3-2 lead in the series by virtue of a 23-8 trouncing at the Minden diamond.

Jack's Homestead Brats of Minden, evened the count on Tuesday night. With Anne Hewson back on the mound after an illness, the team rebounded for a 14-9 win in Minden. In addition to the excellent pitching, Mary-

Anne MacDonald and Andrea Burke turned in outstanding performances for the Minden squad. Laurel Austen was a top player for West Guilford. The winning pitcher was Hewson, while the loss went to Nancy Brinks.

The stands were full, a row of lawn chairs and blankets covered the ground along the first base line and the hill provided vantage points for many other fans as the two teams took to the field Thursday for the final.

Both teams turned in an excellent game providing exciting and skillful baseball right up to the final pitch. Going into the seventh and final inning, Minden had an 8-6 lead on the visitors.

West Guilford was able to

slam home three runs in the top half of the inning, giving them a one run edge over Minden. Despite the efforts of the Homestead squad, West Guilford held them to that score and the game ended with West Guilford ahead 9-8.

Bonnie Stevens and Heather Thompson proved to be strong hitters for West Guilford, while Marg Fielding and Marlane Wilson provided able performances at the plate for Minden.

To mark the end of the season, the league will be holding a dance September 28 at the Haliburton Legion. An invitation has been extended to everyone. Tickets, which are available from team members, are priced at \$4 per couple or \$2 single.

1000 LAKES BOWLING NEWS

By Joan Deyell

It is that time of year again when our thoughts turn to bowling. The leagues are already making their plans to begin the season and if you have not as yet received a phone call from them, you should inform them of your intentions. For those who have not bowled before, or for a number of years, I am sure there is room for you as well. We have a men's league, ladies' league and numerous mixed leagues. For further information, please call Ron Robinson Sr., Minden.

The 1000 Lakes Bowlers Association has already had a couple of meetings during the summer months. They have appointed their new executive for the coming year and they are busy working for you to bring you the best in bowling conditions; the award program for your outstanding scores; and, of course, the ever popular tournaments. Included in our fun tournaments, we have the High-Low Doubles sponsored by Sunbeam Shoes, Colt 45 Classic, Hoult-Hellewell Mail-O-Graphic, the Presidents, Secretaries & Treasurers, Senior Citizens' and the C.N.E.

For our more accomplished bowlers, we have the Colt 45 Open and the Ontario Winter Games, and for the executive members of the association, we have the Harold Buchner Memorial which is sponsored by Professional Bowlers Ltd.

The 1000 Lakes Bowlers Association has recently had some growing pains and as well as having Fenelon Lanes, Carnarvon Lanes and Bancroft Lanes as affiliates, it is now very pleased that Bel-Mar Lanes near Havelock have also joined. We look forward to seeing the new representatives at the various zone roll-offs and tournaments and hope they will enjoy being part of our Association.

Bowling Procedures

This year we have available to all leagues, slides showing the proper procedure in bowling. Many of our leagues will be happy to take advantage of this opportunity to improve their bowling skills. Of course, it all comes free of charge so by all means, inquire about it.

It all sounds like a fun-filled year of bowling and I hope to see the old as well as a lot of new faces at the lanes this year. There is no better place to meet some really nice

people. I also sincerely hope that you are all planning on joining your 1000 Lakes Bowlers Association. Help us to help you in bowling.

P.S.I. Tournament

Attention all league presidents, secretaries and treasurers. How would you like to spend December 1 and 2 in beautiful Vancouver, fly to the spectacular city of San Francisco, tour, shop for two days and complete the week in fabulous Las Vegas?

This year, three executives will do just that. As your league was affiliated with the 1000 Lakes Bowlers Association and the Ontario 5 pin Bowlers Association last year, we are assuming that you are going to retain your membership with your local association again this year.

The cost of joining this tournament is nil and the zone finals will be conducted on September 30. The event will be a pins-over average based on last year's average.

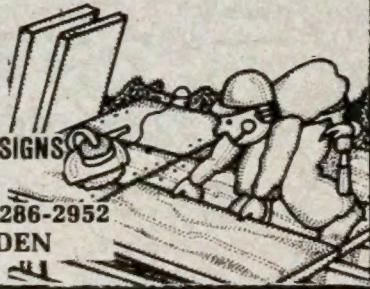

All qualifiers will advance to the provincial finals, October 27 where they will be bowling for over \$2,500 in merchandise prizes. They will also attend a banquet and dance and be entertained by two first-class acts. This tournament is sponsored by the Ontario 5 Pin Bowlers Association.

All league executives should sign up now and don't miss out on this chance for an exciting holiday. Ron Robinson will be pleased to accept your entry form which is found on page 17 of the secretary's handbook.

Birthday pair

There was a double celebration Saturday at Club 35 in Hall's Lake. Two long-time friends, Archie Neil, left, and Clarence Bunker each marked his sixty-fifth birthday. A special celebration was attended by relatives and fellow cottagers from the Hall's Lake area. (Photo by Sue Spence)

Objection raised to snow dumping

The practice of dumping snow on the back of a lot adjacent to the funeral home in Minden has drawn the ire of at least one ratepayer.

Bill Carrell, addressing the Anson, Hindon and Minden Township council September 12, said he could see no reason why he should have to subsidize the clearing of snow from a private lot. He said a number of individuals in the community have mentioned the situation to him.

Carrell stated there was no need to pile the snow in that lot and that other places were available in the immediate vicinity.

"I wouldn't mind getting my lot ploughed for nothing in the winter," Carrell told the meeting.

During the winter months snow plows sweep the snow from the bridge and Bobcaygeon Road, north, pushing it onto the back of the

parking lot at the funeral home. In the process, the snow is also cleared off the lot. The owner of the funeral home, Gord Monk, approached council last month asking that an agreement be signed between himself and the municipality indicating that he was willingly providing a location for the snow to be dumped. At the time Monk said the agreement was necessary to dispel any implications that he was getting his lot cleared by the municipality free of charge.

The funeral home owner said that the location was being provided as a convenience to the town. He noted that in the spring, the portion of the lot where the snow had been placed, is littered with the garbage swept up with the ploughs.

Reeve Sinclair Nesbitt said that if the road crew found it convenient to leave the snow

on the lot, they should continue to do so. He noted that if a municipally-owned piece of property beside the pumphouse was used for that purpose, it would mean the loss of a parking area adjacent to a number of shops.

Councillor Stuart Brandon commented that the piling of the snow at the back of the funeral home parking lot was convenient for the municipality. He said it would be unfair to pile the snow in the middle of his lot and wondered where else it could be placed.

Carrell said the explanations of council did not satisfy him and he was still upset that one business was having its parking lot cleared by the municipality at no cost. "This practice should be stopped," he commented.

The reeve said the council would study the question to determine if there was another suitable location in the area, to dump the snow.

Bridge traffic cut

The Ministry of Transportation and Communications has announced that the bridge on Highway 35 at Dorset will be restricted to one lane.

This temporary situation has been created to allow structural repairs to be carried out. The reduction to one lane on the span over the Muskoka River went into effect September 14. The restriction will last for an indefinite length of time.

The ministry spokesman said that a number of small cracks had been found in the steel girders supporting the structure and tests will have to be carried out to determine the extent of the damage.

Responsibility for tank road in dispute

A three-way dispute has been brewing over who is responsible for the new road that leads up to the Minden Village water storage tank. Reeve Sinclair Nesbitt hopes a meeting between the township council, the Ministry of the Environment and the former land owners, Lloyd and Elsie Walker, will help resolve the issue.

The matter was brought to a head at the September 12 meeting of Anson, Hindon and Minden Townships council. The Walkers were present to demand that the township assume the roadway as part of their system and that they provide maintenance for the route.

The Walkers had sold their land to the Ministry of the Environment to permit the construction of the water storage tank and access road. They claim that one of the

provisions of the sale was that the road to the tank would become part of the township system, thereby ensuring regular maintenance, snow clearing and access to their property. "We wouldn't have sold the land unless we were sure the township would assume the road," Mr. Walker stated. He said the township appears to be attempting to back out of an agreement made several years ago... "and we must suffer the consequences."

The Walkers produced copies of minutes of the municipality which stated the township would assume the road.

According to the reeve, Sinclair Nesbitt, the township cannot assume the road because it was not constructed to acceptable provincial standards. He said as long as the road does not meet the standards of the province, the

municipality cannot take responsibility for it.

The Ministry of the Environment, through correspondence with the municipality, has denied any responsibility for constructing the road to any provincial standard. The ministry claims the agreement contained in the purchase of the land contains no reference to the standard of the road and they have refused responsibility for bringing it up to acceptable standards.

Reeve Nesbitt suggested that the council, the Walkers and Ministry of Environment officials, along with representatives of the Ministry of Transportation

and Communication, should meet on the site to attempt to thrash out the problem. He expressed the hope that such a meeting could be arranged shortly.

CARD OF THANKS

BURCH: I wish to thank my relatives, friends and neighbours for their flowers, cards and inquiries during my stay in hospital and since returning home. All was very much appreciated. Edith Burch.

Dr. and Mrs. Holliday-Rhodes would like to thank everyone concerned for their kind and thoughtful gifts of fresh fruits and vegetables from their gardens and also for the jams and pickles. All are appreciated especially this year, as we do not, as yet, have a garden of our own.

A very special thanks to Sam and Milly Labarge for their financial donation for new medical equipment, which is now on order.

Also, a special thanks to Mrs. Gilbanks for her beautifully made hats and casserole stand covers.

We have never before come across such generosity and kindness. Thank you so very much.

I'd like to express my sincere thanks to my friends and family for the many lovely gifts and cards which I received on my 90th birthday.

Special thanks to Dorothy and Al Smith from Toronto for making my day very special. **Isabella Eastman**

MILES: The family of the late James Miles wish to thank relatives and friends, for their many acts of kindness and sympathy during our bereavement. Special thanks to Rev. Miller, Rev. Denny, the Canadian Legion, ladies of the United Church, Minden and Mr. G. Monk of John Welch Funeral Home.

THANK YOU

I hereby express my sincere gratitude to Brian Hodgson for his gallant actions in attempting to save the life of Clinton Beausoleil and thanks also to Patty Porter for her skill in mouth to mouth resuscitation.

Also, thanks to the doctors and staff for their exceptional efforts in bringing back to life, this child, after his long time in the water.

John W. Nelson

AT REST

HUBLEY: James Richard (of Minden, Ontario).

At Ross Memorial Hospital in Lindsay, on Wednesday September 12, 1979, Jim, beloved son of Mrs. Edna Ridout, brother of Edward, Lillian and Mac, all of New Brunswick and the late Claude. A private family service was held at the Jerrett "Willowdale" Chapel, 4661 Yonge Street. A memorial service will be held at Centreville, N.B. Interment, Rest Haven Memorial Gardens, Toronto.

Donations to the Ross Memorial Hospital or Canadian Cancer Society would be appreciated.

THE SURVEYS ACT

Take notice that under section 52 of The Surveys Act, Revised Statutes of Ontario 1970, Chapter 453 as amended a hearing before the Surveyor General will be held in the Village of Minden at the Municipal Council Chambers, Township of Anson, Hindon and Minden on the 1st day of November, 1979 at 3:30 o'clock local time in the afternoon to consider the following resurveys shown on plans and field notes of survey:

Provisional County of Haliburton

1. North Boundary of the Township of Snowdon
2. South Boundary of the Township of Anson
3. South Boundary of the Township of Hindon
4. South Boundary of the Township of Lutterworth

County of Victoria

1. Part of the East Boundary and Part of the South Boundary of the Township of Digby
2. North Boundary of the Township of Digby

County of Peterborough

1. Part of the East Boundary and the North Boundary of the Township of Galway

Copies of reports, plans and field notes of survey may be examined at the District Manager's Office, Minden, or at the office of the Surveyor General, Ministry of Natural Resources, Parliament Buildings, Toronto, Ontario.

All parties interested in or affected by the resurveys referred to herein may attend at this hearing and will be heard concerning any objections as to why the surveys as performed should not be confirmed.

And further take notice that if any person or persons do not attend at this hearing the Surveyor General may proceed in their absence and they will not be entitled to any further notice in the proceedings.

Dated the 4th day of September, 1979

James A. C. Auld
Minister of Natural Resources
for the Province of Ontario

Dr. J. K. Reynolds
Deputy Minister of Natural Resources
for the Province of Ontario

INSULATE NOW

TOWNSHIP OF LUTTERWORTH TENDER FOR RACKETY CREEK CULVERT CONTRACT NO. 3768

Sealed Tenders, clearly marked "Tender for Contract No. 3768" will be received by the Clerk-Treasurer until 12:00 noon, Local Time,

TUESDAY, OCTOBER 2nd, 1979

For the construction of a 12'0" x 8'0" x 34'0" concrete rigid frame culvert in lots 13 and 14, concession XI, Township of Lutterworth, Provisional County of Haliburton.

The approximate quantities are as follows:

1. 3000 P.S.I. concrete - 78 cubic yards
2. Reinforcing steel - 7 tons.

Plans, Specifications and Tender forms may be obtained at the Consulting Engineer's office in Bracebridge for a non-refundable fee of \$15.00.

Each tender must be accompanied by a certified cheque in the amount of 10% of the total tender bid and the successful bidder must provide a Performance Bond for 100% of the total tender amount with the executed documents.

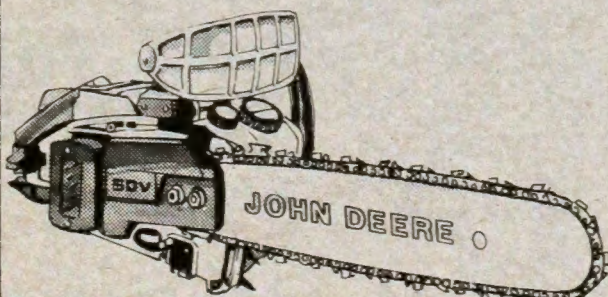

Award of this contract is subject to the approval of the Ministry of Transportation & Communications. Lowest or any tender not necessarily accepted.

Chain Saws

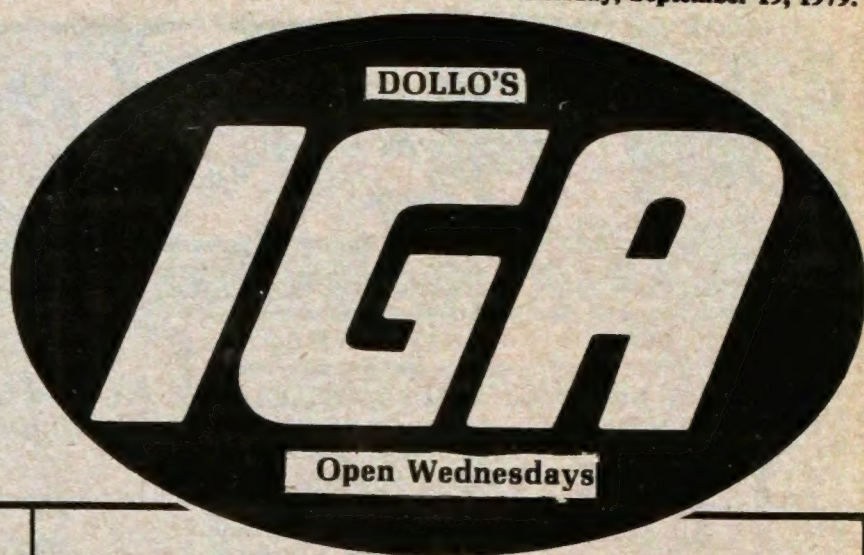

Whatever your woodcutting needs, we have a John Deere Chain Saw sized right for you. Five models — 30 to 70 cc's — to choose from. Each has a sprocket-nose guidebar, 12 to 27 inches long... an automatic oiler... and counterbalanced crankshaft. On all models, except the 30, you also get an isolated engine for more operating comfort, and an interlock lever that must be held down before the engine will accelerate.
